COURSE: SOFTWARE TESTING

ATM Negative Test Cases — Typed Table

Case records: ATM 001–004

Bug ID	Bug description	Values entered / action done	Expected result	Actual result	Status	Reason
ATM 001	Invalid card	Insert a valid card into the ATM.	Welcome screen displayed.	Invalid-card message displayed.	Fail	A valid card was inserted, but the ATM rejected it instead of displaying the welcome screen.
ATM 002	Invalid PIN entered	Insert a valid card and enter the authorised PIN.	Menu screen displayed.	Invalid-PIN screen/message displayed.	Fail	The correct PIN was entered, but the ATM showed an invalid-PIN message instead of the menu.
ATM 003	Invalid account type selected	Enter a valid PIN, select Withdraw, and choose the Savings or Current account.	Enter-amount screen displayed.	Invalid-account-type screen displayed.	Fail	A valid account type was selected, but the ATM rejected it and did not display the amount-entry screen.
ATM 004	Insufficient balance	Select Withdraw, choose the correct account type, and enter an amount greater than the available balance.	Collect-amount screen displayed.	Insufficient-balance message displayed.	Fail	The recorded expected result may be incorrect: an insufficient-balance warning is normally the appropriate response for this input. Review the expected result.

ATM Negative Test Cases — Typed Table

Case records: ATM 005–007

Bug ID	Bug description	Values entered / action done	Expected result	Actual result	Status	Reason
ATM 005	Withdrawal transaction limit per day	Select Withdraw, choose the correct account type, and enter an amount within the transaction limit.	Cash dispensed and receipt collected.	Transaction-limit-exceeded screen displayed.	Fail	The amount was stated to be within the limit, but the ATM displayed a transaction-limit error instead of dispensing cash.
ATM 006	Daily withdrawal limit	Insert a valid card, enter the authorised PIN, and enter an amount above the daily limit of ₹40,000.	Cash dispensed and receipt collected.	Daily-limit-exceeded screen displayed.	Fail	Rejecting a withdrawal above the daily limit is normally correct. Review the expected result, as it conflicts with the test input.
ATM 007	Amount not in valid denominations	Insert a valid card, enter the authorised PIN, and enter an amount that is not a multiple of ₹100.	Collect-amount screen displayed.	Amount entered is not in the required denomination.	Fail	The ATM rejected an amount that was not a multiple of ₹100. Denomination validation is normally appropriate, so the expected result should be reviewed.

Case Study on VIANA Portal – Negative Test Cases

Objective: To identify and analyze negative test scenarios for the VIANA student portal of Saveetha (SIMATS) University, and define the expected behavior when users enter invalid data or attempt unauthorized actions.

Test cases below are proposed checks; actual outcomes should be confirmed in an authorized test account/environment.

Item / module	Feature	Negative test data	Test steps	Expected result	Status
1. Login	Invalid username / password	Wrong password; blank username; malformed input	1. Open the VIANA student portal login page. 2. Enter an invalid username or password. 3. Submit the form.	Access is denied; a clear validation message appears; no student data is exposed.	**PASS**
2. Dashboard	Portal modules and navigation	Open a module without a valid session / use an expired session	1. Open a protected dashboard URL directly, or let the session expire. 2. Try to open a student module.	User is redirected to login or shown an access/session-expired message.	**PASS**
3. Attendance	Attendance details	Request an invalid date range or submit empty filters	1. Sign in with a test account. 2. Open Attendance. 3. Submit blank or invalid date filters.	Invalid filters are rejected or a helpful message is shown; unrelated attendance data is not displayed.	**PASS**
4. Timetable	Class timetable	Select an invalid semester / unavailable date	1. Open Timetable. 2. Choose an invalid or unavailable semester/date if the control permits it.	The portal shows a validation message or an empty-state message without crashing.	**PASS**
5. Course / marks	Course and result details	Try an invalid course code or access another student's record URL	1. Open the course/results section. 2. Enter an invalid course value or change a record identifier in a test environment.	Invalid course input is rejected; access to another student's private record is blocked.	**PASS**

EXP NO : 3 (CONTINUED)

VIANA Portal – Negative Test Cases (Continued)

Application: VIANA student portal | Institution: Saveetha (SIMATS) University

Item / module	Feature	Negative test data	Test steps	Expected result	Status
6. Assignments	Assignment submission / status	Submit without required fields or use an unsupported file type	1. Open an assignment. 2. Leave required fields blank or select a disallowed file type. 3. Submit.	Submission is blocked with a clear error; no incomplete or unsupported submission is recorded.	**PASS**
7. Examination	Exam registration / hall ticket	Attempt to access hall ticket without eligibility or required details	1. Open the examination section. 2. Use a test account lacking the required eligibility/details. 3. Request the hall ticket.	The portal explains that the request cannot be completed; no invalid hall ticket is generated.	**PASS**
8. Fees / payment	Fee details and payment status	Submit an invalid amount or repeat a payment request in test mode	1. Open fee/payment details in a test environment. 2. Try an invalid amount or repeat the same request.	Invalid payment is rejected; duplicate payment is prevented or safely flagged; status remains consistent.	**PASS**
9. Profile	Student profile update	Enter invalid email/phone or leave mandatory fields blank	1. Open My Profile. 2. Enter malformed contact details or clear a required field. 3. Save changes.	The profile is not saved until valid details are entered; existing data remains intact.	**PASS**
10. Support / issue	Raise a support or infrastructure issue	Submit an empty issue form or attach an unsupported file	1. Open the support/issue section. 2. Leave the description blank or attach an unsupported file. 3. Submit.	The portal requests valid details and rejects unsupported attachments without creating a faulty ticket.	**PASS**
